

Embrace Healthcare Ltd Carbon Reduction and Climate Impact Plan Declaration

Date: 08 October 2023.

Embrace Healthcare Ltd is a specialist care and support service provider based in England, with its headquarters at Office 5, Unit 4 - Clayfield House, Tickhill Road, Balby, Doncaster, South Yorkshire, DN4 8QG. Specializing in homecare and supported living services, we extend vital assistance to vulnerable adults within our local community. We are acutely aware of the environmental challenges we face and our role in contributing to a sustainable future.

Recognizing our responsibility as a community-focused organization and in alignment with the objectives established by the Rotherham Metropolitan Borough Council, we present our comprehensive Carbon Reduction and Climate Impact Plan.

Energy Efficiency:

- Embrace Healthcare Ltd will invest in energy-efficient technologies within our facilities, including our registered address, to optimize heating, ventilation, and cooling systems.
- Implementation of energy-efficient lighting solutions and regular energy audits will be conducted at our registered office and other facilities to identify and address areas for improvement.

Renewable Energy:

- We are committed to exploring opportunities to transition to renewable energy sources, such as solar panels or wind turbines, where viable, including our registered office.

Transportation:

- Embrace Healthcare Ltd will actively encourage eco-friendly transportation methods for our staff, such as carpooling and cycling, reducing emissions related to commuting to our registered office and other facilities.

Waste Reduction:

- Waste reduction and recycling programs will be implemented across all our facilities, including our registered office, to minimize landfill waste and promote responsible waste management practices.

Sustainable Procurement:

- We will prioritize suppliers who share our sustainability goals and collaborate with them to reduce the carbon footprint of our procurement activities, including supplies used at our registered office.

Education and Training:

- Embrace Healthcare Ltd is committed to providing education and training to our staff, including those at our registered office, to raise awareness about carbon reduction and climate change mitigation, promoting sustainable practices within our organization.

Monitoring and Reporting:

- Transparent monitoring and reporting mechanisms will be established to track our progress in reducing carbon emissions, setting clear targets, and sharing our achievements with stakeholders, including the council and the community surrounding our registered office.

Community Collaboration:

- We will actively engage with the local community, including residents, businesses, and community organizations near our registered office, to collaborate on carbon reduction initiatives and create a more sustainable future together.

Continuous Improvement:

- Embrace Healthcare Ltd is committed to the ongoing evaluation and enhancement of our carbon reduction strategies, technologies, and practices, ensuring we remain at the forefront of sustainability efforts.

We firmly believe that our concerted efforts, including those implemented at our registered office, will not only contribute positively to the environment but also support the local economy, create employment opportunities, and enhance the overall well-being of the vulnerable adults we serve.

Embrace Healthcare Ltd appreciates the opportunity to declare our commitment to this vital cause and looks forward to collaborating closely with Rotherham Metropolitan Borough Council and all relevant stakeholders in our shared mission to create a sustainable, climate-resilient future for our community.

Signed on Behalf of Embrace Healthcare Ltd

Ridgewell Magocha

Director and Registered Manager
